Art Unit: 3723

The previous Office action inadvertently in error set a 1 month period for response. This action corrects that error. A new period of response of 3 months begins from the date of this action.

Claims 1-2, 3, 7-11, and 17-19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The specification at page 17, lines 1-25 state that "The slide portions 61,61 are arranged in such a way that the slide surfaces 63,63 come into contact with the slide outer surfaces 64,64 and are allowed to move toward a first radial direction D1 given in Figure 3, along the slide surfaces 63." It is in no way apparent what is meant by "arranged in such a way". It is unclear from Figure 3 how slide portions 61,61 can move in the D1 direction.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 7-11, and 17-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Haruna.

In Haruna, 34 are a plurality of slide portions opposed to each other across a plug member 17. Included is a first pressing member 23 believed to have a slit to

allow spreading movement, a second pressing member 21 believed to have a slit to allow spreading movement, and an advancing means 24.

Claims 4-6, and 12-16 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 10/12/07.
